NO LONGER A PRIZE FIGHT.

Brady Goes to Boston and Fails Up His Money For "Good Content."—The Articles Signed.

Boston, Feb. 24.—The \$10,000 representing Corbett's stake in his match with Mitchell was posted this morning in the shape of a certified check, by W. A. Brady, Corbett's manager, with Dave Blanchard, who has been agreed upon as final stakeholder. All that will now be necessary to complete the match is the putting up of \$10,000 by Mitchell. Brady said: "When Mitchell's money is up, ready to use, we will have to go to the court and present this whole affair, as you know

"about the trouble we had with the police in New York."
"Why?"
"No nor to any other place. As I said before, the match is made as soon as Curlett's money is covered, and I will be in New York in a few days. I will be in New York to go out of that State for the purpose of arranging a match. It is not a match for Curlett, but for another man, a man from Canada or Honolulu. I took eminent legal counsel in New York yesterday, and we are going to have a match. I could have learned in the matter for it relates to a 'prime fight,' and we maintain that this is a glove contest, and not a prize fight. I will be in New York in a few days, and will talk with the authorities where there is nothing to be gained. I will be in New York in a few days. I will have the trouble he wants in this country."
"Have the articles been changed in any way from what you said in New York?"
"No. Just the same."

crease the state, as you proposed?"

"Oh, no they don't. That's the way the stakes will remain at 10,000 each, but I assure you that if they undertake to bet 20,000 we will snap it up as quick as a flash."

"Have you had any offer of a purse from the New Orleans club?"

"Not yet. They are waiting until the matter is completed."

M. A. C.'s Affairs.

The resignation of Messrs Eugene M. Harris, H. A. MacLean, H. W. F. Galy, and F. Bianchi Tompkins of the Ways and Means Committee of the Manhattan Athletic Club has left the mixed affairs of the club in a much more lullid state.

securing a fund of \$200,000 to be used in funding the outstanding indebtedness of the M. A. C. in the shape of endorsed notes. The breaking up of the Ways and Means Committee tables for the time being the departmental heads of the U. S. Treasury Department are expected to make a full statement of how the money of the clubs has been spent since last July.

It is a fact that a petition offering the building 65 Fifth avenue to the club rent free until the affairs of the organization are settled has been received by the club. Deliver Freedman has called upon President George Hart to explain the payment by the club of sums aggregating \$100,000 to the National Amalgamated Association because involved. It was rumored last night that the National Amalgamated Association had been in the control of the next day's issue of 65 Fifth avenue. The next move to be made by the National Amalgamated Association is to Justice Beach.

The regular monthly meeting of the Metropolitan Association of Cycling Clubs was held last night at 48 Irvington road, New York, at the residence of Charles A. Sheehan, president. Fourteen clubs were represented by their delegates. [The Irvington and Milburn twenty-five-mile road race was the main topic discussed. For the past three years this race has been controlled by A. R.
